

## Mobilisation Mastery

### Two Day Course

#### Aim

To equip facilities management professionals with a deep understanding of the mobilisation process, including planning, execution, and management of all stages.

- Understand Mobilisation, Pre-Mobilisation & Transformation
- Understand the Mobilisation Process
- Understand the Stabilisation Phase, Risk Management & Planning

#### Objectives

By the end of this course you will:

1. *Understand the role and importance of each stage of the mobilisation process in facilities management.*
2. *Develop a pre-mobilisation plan based on the understanding of bid model and contract details.*
3. *Understand executing and managing the transformation phase effectively.*
4. *Understand and manage the stabilisation phase to ensure continuity and consistency of service.*
5. *Identify potential risks during each stage of mobilisation and develop mitigating strategies.*
6. *Create a mobilisation plan covering all stages of mobilisation.*

#### Description

Step into the world of Mobilisation Mastery, a hands-on, two-day course designed specifically for facilities management professionals. Equip yourself with the tools, techniques, and strategies to seamlessly navigate all stages of the mobilisation process, from understanding the bid model to executing the transformation and effectively managing the stabilisation phase.

This workshop is perfect for facilities management professionals who want to gain a deeper understanding of the mobilisation process, enhance their project execution skills, and learn to proactively manage potential risks. Whether you're a project manager, facilities manager, operations lead, project lead, or an executive keen on expanding your skillset and embedding them into your organisation, this workshop is designed to take your mobilisation management capabilities to the next level.

Upon completion of this course, you will have a solid understanding of the mobilisation process, be equipped to create and implement effective mobilisation plans, and have the confidence to navigate the complexities of transformation and stabilisation. With your new mastery of mobilisation, you'll be poised to drive success in your facilities management projects.

All sessions include delegate participation exercises which will enhance the learning experience and the practical application of the material presented.
