

Coronavirus Advice

Quadrilect will follow government guidelines (<https://www.gov.uk/guidance/wuhan-novel-coronavirus-information-for-the-public>). The information is updated at 2pm daily. It identifies/updates any geographical areas of immediate concern so if anyone has travelled to those areas we would ask that they check the advice and follow the instructions.

Further information about COVID-19 and symptoms can be found on the NHS website <https://www.nhs.uk/conditions/coronavirus-covid-19/>.

If you have been to any of the affected areas as identified by the government as high risk zones [see link above] within 2 weeks of course attendance or are showing any symptoms please follow the government advice and contact us to arrange a transfer if it affects attendance on your course booking.

There will be hand sanitiser provided on all our reception desks and learners are asked to use on arrival or alternatively they can wash hands with soap and water at the onsite facilities.
